## Instructions for Feeding

Veemin® Goat Mineral is designed to be self-fed to all classes of goats. Goats should consume 0.25 to 0.5 oz per head daily. Mineral intake will vary depending upon the mineral status of the livestock. Provide a source of clean, fresh water at all times.

For more information, contact your Big V Feeds representative.

**CAUTION:** Use as directed. Consumption of selenium should not exceed 0.7 mg per head daily.

**WARNING:** This product, which contains added copper, should not be fed to sheep or any species with a low tolerance to supplemental copper.

The facility in which this product was manufactured does not receive, use, store, or handle restricted use ruminant protein products. This product is free from restricted ruminant protein products per title 21.CFR 589.2000.

**NET WEIGHT: 25 LB. (11.34 KG)**
